Educational panel – Alphabet
VVZ-EDU001-T

VVZ-EDU001-T Educational panel – Alphabet

Educational panel – Alphabet serves for learning alphabet letters in a playful way, developing recognition of their shapes, correct pronunciation, and assisting with speech training. A unique feature of this board is the ability to learn Braille. The framework of the panel is made of galvanised steel treated with durable powder coating. The play panel itself is made of high-quality HPL material, which is colourfast, non-toxic, recyclable, shatterproof, and UV-resistant. This eliminates the risk of injury to children from sharp edges or fragments. All fasteners are made of stainless steel and covered with plastic caps to increase safety and durability.

Specifications

The Educational panel – Alphabet VVZ-EDU001-T is certified according to STN EN 1176

Age Group:	3-14 years
Product Dimensions:	0.90 x 0.05 x 1.30 m (L x W x H)
Materials:	HPL, Galvanised and powder-coated steel, stainless steel fasteners
Weight:	20 kg
