Educational panel – Ball toss game
VVZ-EDU005-T

VVZ-EDU005-T Educational panel – Ball toss game

Educational panel – Ball toss game serves to develop motor skills, accuracy, and hand-eye coordination by throwing a ball through openings featuring character designs. The assigned numbers next to each opening allow for score tracking, supporting basic counting skills and healthy competitiveness in a playful way. The framework of the panel is made of galvanised steel treated with durable powder coating. The play panel itself is made of high-quality HPL material, which is colourfast, non-toxic, recyclable, shatterproof, and UV-resistant. This eliminates the risk of injury to children from sharp edges or fragments. All fasteners are made of stainless steel and covered with plastic caps to increase safety and durability.

Specifications

The Educational panel – Ball toss game VVZ-EDU005-T is certified according to STN EN 1176

Age Group:	3-14 years
Product Dimensions:	0.90 x 0.05 x 1.30 m (L x W x H)
Materials:	HPL, Galvanised and powder-coated steel, stainless steel fasteners
Weight:	18 kg
