Educational panel – Tic-Tac-Toe
VVZ-EDU006-T

VVZ-EDU006-T Educational panel – Tic-Tac-Toe

Educational panel – Tic-Tac-Toe is a popular game that naturally supports the development of children's strategic thinking. The principle is simple, involving the rotation of cylinders with the aim of creating a continuous line of crosses or circles. The framework of the panel is made of galvanised steel treated with durable powder coating. The play panel itself and the rotating discs are made of high-quality HPL material, which is colourfast, non-toxic, recyclable, shatterproof, and UV-resistant. This eliminates the risk of injury to children from sharp edges or fragments. All fasteners are made of stainless steel and covered with plastic caps to increase safety and durability.

Specifications

The Educational panel – Tic-Tac-Toe VVZ-EDU006-T is certified according to STN EN 1176

Age Group:	3-14 years
Product Dimensions:	0.90 x 0.05 x 1.40 m (L x W x H)
Materials:	HPL, Galvanised and powder-coated steel, stainless steel fasteners
Weight:	20 kg
