Educational panel – Drawing board
VVZ-EDU008-T

VVZ-EDU008-T Educational panel – Drawing board

Educational panel – Drawing board is an ideal element for kindergartens and public playgrounds, where children develop their creativity through chalk drawing. The double-sided board measuring 1.5 x 1.0 m provides a generous space for shared group activities. The framework of the panel is made of galvanised steel treated with durable powder coating. The play panel itself is made of high-quality HPL material, which is colourfast, non-toxic, recyclable, shatterproof, and UV-resistant. This eliminates the risk of injury to children from sharp edges or fragments. All fasteners are made of stainless steel and covered with plastic caps to increase safety and durability.

Specifications

The Educational panel – Drawing board VVZ-EDU008-T is certified according to STN EN 1176

Age Group:	3-14 years
Product Dimensions:	1.50 x 0.05 x 1.50 m (L x W x H)
Materials:	HPL, Galvanised and powder-coated steel, stainless steel fasteners
Weight:	30 kg
