Educational Panel – Chalkboard with Alphabet VVZ-EDU013-T

VVZ-EDU013-T Educational Panel – Chalkboard with Alphabet

This educational panel is designed for nurseries, primary schools and public playgrounds. The double-sided board, measuring 1.5 x 0.9 m, provides children with space to develop their imagination and graphomotor skills. The panel includes a complete alphabet template for practising letter shapes and literacy development. The supporting structure is manufactured from galvanised steel with a durable powder-coated finish. The play board and alphabet elements are made of high-quality HPL material, which is chemically resistant, colourfast, non-toxic, recyclable and shatterproof. This eliminates the risk of injury from sharp edges or splinters. All fasteners are made of stainless steel and enclosed in plastic protective caps to enhance safety and extend service life.

Specifications

The Educational Panel – Chalkboard with Alphabet VVZ-EDU013-T is certified according to STN EN 1176

Age Group:	3-14 years
Product Dimensions:	2.40 x 0.05 x 1.40 m (L x W x H)
Materials:	HPL, Galvanised and powder-coated steel, stainless steel fasteners
Weight:	45 kg
