Educational panel – Rock, paper, scissors
VVZ-EDU015-T

VVZ-EDU015-T Educational panel – Rock, paper, scissors

This interactive educational panel offers the popular game in the form of mechanical rotating discs for the random selection of game symbols. The unit supports the development of strategic thinking, attention and social interaction. The robust supporting structure is manufactured from galvanised steel with a durable powder-coated finish. The play board itself and the rotating elements are crafted from high-quality HPL material. This material is chemically resistant, colourfast, non-toxic, recyclable and shatterproof, eliminating any risk of injury from sharp edges or splinters. For maximum safety and extended service life, all stainless steel fasteners are recessed beneath plastic protective caps.

Specifications

The Educational panel – Rock, paper, scissors VVZ-EDU015-T is certified according to STN EN 1176

Age Group:	3-14 years
Product Dimensions:	1.20 x 0.05 x 1.50 m (L x W x H)
Materials:	HPL, Powder-coated steel, stainless steel fasteners
Weight:	27 kg
