Educational panel – Shapes
VVZ-EDU016-T

VVZ-EDU016-T Educational panel – Shapes

This educational panel is designed for the visual recognition and correct naming of basic geometric shapes. The unit contributes to the development of cognitive skills, visual memory and basic geometric literacy. The robust supporting structure is manufactured from galvanised steel with a durable powder-coated finish. The play board itself with the graphic elements is crafted from high-quality HPL material. This material is chemically resistant, colourfast, non-toxic, recyclable and shatterproof, eliminating any risk of injury from sharp edges or splinters. For maximum safety and extended service life, all stainless steel fasteners are recessed beneath plastic protective caps.

Specifications

The Educational panel – Shapes VVZ-EDU016-T is certified according to STN EN 1176

Age Group:	3-14 years
Product Dimensions:	0.90 x 0.05 x 1.30 m (L x W x H)
Materials:	HPL, Galvanised and powder-coated steel, stainless steel fasteners
Weight:	20 kg
