Cableway with pulley
VVZ-L001-T

VVZ-L001-T Cableway with pulley

The cableway with pulley brings a dynamic play experience to the playground, allowing children to travel from one side to the other. During the ride, the user sits on a moving seat with their legs suspended in the air, creating an exciting feeling of “flying”. The boarding platform provides a comfortable starting point, while the pulley mechanism ensures smooth movement along the steel cable. The durable steel structure with a high-quality surface finish is designed for long-term outdoor use, while stainless-steel fasteners contribute to the element’s durability.

Specifications

The Cableway with pulley VVZ-L001-T is certified according to STN EN 1176

Age Group:	3-14 years
Product Dimensions:	26.60 x 3.40 x 3.80 m (L x W x H)
Max. Fall Height:	up to 1.50 m
Safety Surfacing Area:	28.00 x 4.00 m (according to STN EN 1176-1)
Materials:	Galvanised and powder-coated steel, HPL, polypropylene rope, rubber, stainless steel fasteners
Weight:	420 kg
