VVZ-LP001-T Rope Product - Twister

The Rope Twister is an original design by our company, Veríme v Zábavu. Its distinctive twisted rope wall offers children an unusual climbing challenge and naturally supports the development of balance, coordination, strength and agility. The steel structure with a durable surface finish is complemented by polyester ropes with a steel core, offering high strength, colour stability and resistance to UV radiation, weather conditions and mechanical stress. The connecting components are made of stainless steel.
