VVZ-LP005-T Rope structure - UFO

The UFO rope structure combines a circular rope climber, four ladders and hanging discs, offering a variety of climbing and obstacle-crossing activities. These varied movement activities naturally support the development of coordination, balance, strength and agility. The steel structure with a durable surface finish is complemented by polyester ropes with a steel core, offering high strength, colour stability and resistance to UV radiation, weather conditions and mechanical stress. The connecting components are made of stainless steel.
