Large Rope Igloo
VVZ-LP011-T

VVZ-LP011-T Large Rope Igloo

The large rope igloo consists of five rope climbing nets and a large central rope net, complemented by two sets of suspended balance stones. The variety of climbing and obstacle-crossing activities naturally supports the development of coordination, balance, strength and agility. The steel structure with a durable surface finish is complemented by polyester ropes with a steel core, offering high strength, colour stability and resistance to UV radiation, weather conditions and mechanical stress. The connecting components are made of stainless steel.

Specifications

The Large Rope Igloo VVZ-LP011-T is certified according to STN EN 1176

Age Group:	3-14 years
Product Dimensions:	6.60 x 6.30 x 2.20 m (L x W x H)
Max. Fall Height:	up to 2.20 m
Safety Surfacing Area:	Ø 10.10 m (according to STN EN 1176-1)
Materials:	Galvanised and powder-coated steel, HDPE, HPL, polypropylene rope, stainless steel fasteners
Weight:	410 kg
