**VVZ-LP016-T Cableway**

The rope course is an extensive play structure offering a wide range of climbing and obstacle-crossing activities. Thanks to its generous size, it can accommodate up to 60 children at the same time. These varied movement activities naturally support the development of coordination, balance, strength and agility. The steel structure with a durable surface finish is complemented by polyester ropes with a steel core, offering high strength, colour stability and resistance to UV radiation, weather conditions and mechanical stress. The connecting components are made of stainless steel.

**Specifications**

The Cableway VVZ-LP016-T is certified according to STN EN 1176

| | |
|---|---|
| **Age Group:** | 3-14 years |
| **Product Dimensions:** | 14.30 x 9.40 x 2.20 m (L x W x H) |
| **Max. Fall Height:** | up to 2.20 m |
| **Safety Surfacing Area:** | 18.50 x 13.00 m (according to STN EN 1176-1) |
| **Materials:** | Galvanised and powder-coated steel, HDPE, HPL, polypropylene rope, stainless steel fasteners |
