Monkey trail – Climbing panels
VVZ-OP1-08-T

VVZ-OP1-08-T Monkey trail – Climbing panels

The monkey trail with HPL climbing panels creates a moving climbing wall with elements positioned at different heights. As children move across the individual panels, they engage the whole body and naturally develop strength, coordination, stability and agility. The panels are suspended on chains, allowing them to move during use and increasing the challenge. The steel structure with a durable surface finish, together with stainless-steel fasteners, ensures high durability and a long service life in outdoor environments.

Specifications

The Monkey trail – Climbing panels VVZ-OP1-08-T is certified according to STN EN 1176

Age Group:	3-14 years
Product Dimensions:	3.30 x 0.10 x 2.20 m (L x W x H)
Max. Fall Height:	up to 0.99 m
Safety Surfacing Area:	6.30 x 3.10 m (according to STN EN 1176-1)
Materials:	Galvanised and powder-coated steel, HPL, PA, polypropylene rope, stainless steel fasteners
Weight:	110 kg
