Educational play structure – Ruin
VVZ-PD015-T

VVZ-PD015-T Educational play structure – Ruin

The educational play structure supports play and learning within a group of children, and is complemented by a drawing board with an abacus. The steel framework is weather-resistant thanks to hot-dip galvanisation and powder coating. All panels are made of HPL material with UV protection, which is colourfast, non-toxic, recyclable, and shatterproof. This eliminates the risk of injury to children from sharp edges or fragments.

Specifications

The Educational play structure – Ruin VVZ-PD015-T is certified according to STN EN 1176

Age Group:	3-14 years
Product Dimensions:	4.10 x 1.50 x 1.10 m (L x W x H)
Max. Fall Height:	up to 0.99 m
Safety Surfacing Area:	7.00 x 4.50 m (according to STN EN 1176-1)
Materials:	HDPE plastic, HPL, Galvanised and powder-coated steel, corrugated pipe, stainless steel fasteners
Weight:	160 kg
