

Spring Rocker - Dragon VVZ-SH010

VVZ-SH010 Spring Rocker - Dragon

The materials and construction of the dragon-themed spring rocker ensure long service life and safety. The steel spring with a durable surface finish and the HPL material guarantee durability, colorfastness, and safety. The HPL material is chemically resistant, UV-resistant, non-toxic, recyclable, and resistant to breakage. This eliminates the risk of injury to children from sharp edges or fragments. Spring rockers can be installed on grass, a playground with gravel or sand, or you can use a grass mat, rubber mat, or EPDM surfacing underneath the rocker. All spring rockers comply with the STN EN 1176 safety standard.
