VVZ-VH009-1-15-T Double Hanging Swing

The double swing with a Standard seat and a Nest swing seat allows two children to swing at the same time and offers two different swinging experiences. The Standard seat provides stable and comfortable seating, while the spacious Nest swing seat offers a larger surface for comfortable swinging and shared play. Swinging naturally supports the development of balance and coordination. A grass safety mat is recommended as the impact-attenuating surface. Stainless-steel chains and the steel structure with a durable surface finish provide high resistance to weather conditions for long-term outdoor use
