VVZ-VH011-15-T Five-Seat Hanging Swing

The five-section swing combines two Standard seats, two Baby seats and one Nest swing seat, offering several swinging options for children of different ages. The Standard seats provide stable and comfortable seating, the Baby seats with raised backrests and front safety restraints offer additional support for younger children, while the spacious Nest swing seat allows comfortable swinging and shared play. Swinging naturally supports the development of balance and coordination. A grass safety mat is recommended as the impact-attenuating surface. Stainless-steel chains and the steel structure with a durable surface finish provide high resistance to weather conditions for long-term outdoor use.
