VVZ-VZ1-004-15-T Single-Tower Combined Play Structure - Tall

This single-tower combined play structure features a tower with ramparts, which children can climb via a climbing wall or ladder climber, then descend using the slide. The steel structure resists weathering thanks to galvanising and a durable powder-coated finish. The HPL panels used are chemically resistant, UV-resistant - color-stable, non-toxic, recyclable, and resistant to breakage. This prevents injury to children from sharp edges or fragments. All joints are made of stainless steel and covered with plastic protective caps to enhance durability and safety.

Specifications

The Single-Tower Combined Play Structure - Tall VVZ-VZ1-004-15-T is certified according to STN EN 1176

Age Group:	3-14 years
Product Dimensions:	3.40 x 0.90 x 3.60 m (L x W x H)
Max. Fall Height:	up to 1.50 m
Safety Surfacing Area:	6.90 x 4.00 m (according to STN EN 1176-1)
Materials:	Galvanised and powder-coated steel, HPL, LDPE, polypropylene rope, stainless steel fasteners
Weight:	185 kg
