Double-Tower Combined Play Structure - Tall
VVZ-VZ2-005-15-T

VVZ-VZ2-005-15-T Double-Tower Combined Play Structure - Tall

This double-tower combined play structure features one tower with ramparts and a second, lower tower, connected by a tunnel. Children can climb up via a vertical or sloped climbing wall with handholds, steps, or a ladder, and descend using the slide. The striking design invites play from a distance. The steel structure is weather-resistant thanks to galvanising and a durable powder-coated finish. The HPL material used is chemically resistant, UV-resistant - color-stable, non-toxic, recyclable, and shatter-resistant. This eliminates the risk of injury to children from sharp edges or fragments. All joints are stainless steel and covered with plastic protective caps to increase durability and safety.

Specifications

The Double-Tower Combined Play Structure - Tall VVZ-VZ2-005-15-T is certified according to STN EN 1176

Age Group:	3-14 years
Product Dimensions:	3.10 x 4.10 x 3.60 m (L x W x H)
Max. Fall Height:	up to 1.50 m
Safety Surfacing Area:	6.20 x 7.60 m (according to STN EN 1176-1)
Materials:	Galvanised and powder-coated steel, HPL, LDPE, stainless steel fasteners
Weight:	410 kg
