Double-Tower Combined Play Structure - High
VVZ-VZ2-008-1-15-T

VVZ-VZ2-008-1-15-T Double-Tower Combined Play Structure - High

This double-tower combined play structure features one tower with battlements and a second, lower tower, connected by a tunnel. Children can climb up using the climbing wall with handholds, a ladder, steps, or an arch rope net, and come back down via one of two slides. Its striking design invites children to play from a distance. The steel structure is weather-resistant thanks to hot-dip galvanising and a durable powder-coated finish. The HPL material used is chemically resistant, UV-resistant, color-stable, non-toxic, recyclable, and resistant to breakage, eliminating the risk of injury from sharp edges or splinters. All fasteners are stainless steel and covered with plastic protective caps for increased durability and safety.

Specifications

The Double-Tower Combined Play Structure - High VVZ-VZ2-008-1-15-T is certified according to STN EN 1176

Age Group:	3-14 years
Product Dimensions:	5.20 x 3.40 x 3.60 m (L x W x H)
Max. Fall Height:	up to 1.50 m
Safety Surfacing Area:	8.80 x 7.00 m (according to STN EN 1176-1)
Materials:	Galvanised and powder-coated steel, HPL, LDPE, stainless steel fasteners
Weight:	395 kg
