Single-Tower Combined Play Structure - High, with Roof
VVZ-VZP1-002-15-T

VVZ-VZP1-002-15-T Single-Tower Combined Play Structure - High, with Roof

The single-tower combined play structure - a tower with battlements - is accessible to children via steps and a climbing wall. They can get back down via the slide. The structure includes a swing spar with a Classic seat. The steel structure is weather-resistant, thanks to galvanising and a durable powder-coated finish. The HPL material used is chemically resistant, UV-resistant, colourfast, non-toxic, recyclable, and shatter-resistant. This eliminates the risk of injury to children from sharp edges or splinters. All fasteners are made of stainless steel and covered with plastic protective caps to increase durability and safety.

Specifications

The Single-Tower Combined Play Structure - High, with Roof VVZ-VZP1-002-15-T is certified according to STN EN 1176

Age Group:	3-14 years
Product Dimensions:	4.30 x 4.90 x 4.05 m (L x W x H)
Max. Fall Height:	up to 1.50 m
Safety Surfacing Area:	9.10 x 6.60 m (according to STN EN 1176-1)
Materials:	Galvanised and powder-coated steel, HPL, LDPE, PA, rubber, stainless steel fasteners and chains
Weight:	338 kg
