

Double-Tower Combined Play Structure - High VVZ-VZP2-001-15-T

VVZ-VZP2-001-15-T Double-Tower Combined Play Structure - High

The double-tower combined play structure - a tower with battlements and a low tower - is accessible to children via steps and a climbing wall with handholds. They can get back down via the slide. The steel structure is weather-resistant, thanks to galvanising and a durable powder-coated finish. The HPL material used is chemically resistant, UV-resistant, colourfast, non-toxic, recyclable, and shatter-resistant. This eliminates the risk of injury to children from sharp edges or splinters. All fasteners are made of stainless steel and covered with plastic protective caps to increase durability and safety.

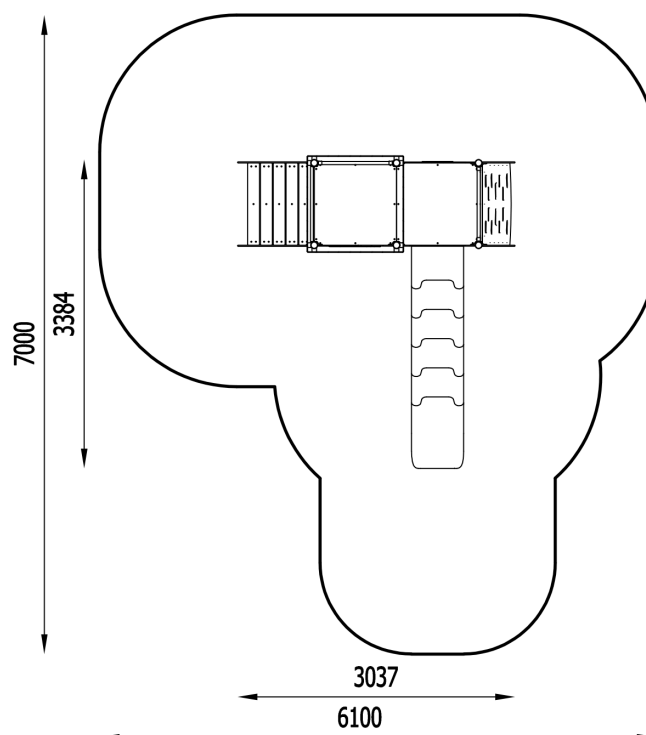

Specifications

The Double-Tower Combined Play Structure - High VVZ-VZP2-001-15-T is certified according to STN EN 1176

Age Group:	3-14 years
Product Dimensions:	3.00 x 3.40 x 4.00 m (L x W x H)
Max. Fall Height:	up to 1.50 m
Safety Surfacing Area:	6.10 x 7.00 m (according to STN EN 1176-1)
Materials:	Galvanised and powder-coated steel, HPL, LDPE, PA, stainless steel fasteners
Weight:	364 kg
