**VVZ-GYM006-2-T Gymcenter**

The gymcenter is a simple climbing structure featuring horizontal climbing bars and low horizontal bars. The structure offers children opportunities for traversing, climbing and overcoming physical challenges while allowing several children to play together at the same time. The individual elements naturally support the development of agility, movement coordination, strength and overall physical fitness. The supporting structure is made of steel with a durable powder-coated finish. Stainless-steel fasteners contribute to a long service life in outdoor environments. Materiály:

**Specifications**

The Gymcenter VVZ-GYM006-2-T is certified according to STN EN 1176

| | |
|---|---|
| **Age Group:** | 3-14 years |
| **Product Dimensions:** | 2.60 x 1.30 x 2.10 m (L x W x H) |
| **Max. Fall Height:** | up to 2.0 m |
