Rope bridge
VVZ-M1-01-T

VVZ-M1-01-T Rope bridge

The rope bridge is a balancing play element that offers children an engaging physical challenge as they cross the flexible rope surface. The movement of the bridge naturally supports the development of balance, stability, movement coordination and overall agility. The polyester ropes offer high strength and resistance to mechanical stress and weathering. The robust steel structure with a durable surface finish, together with stainless-steel fasteners, ensures high durability and a long service life in outdoor environments.

Specifications

The Rope bridge VVZ-M1-01-T is certified according to STN EN 1176

Age Group:	3-14 years
Product Dimensions:	2.20 x 0.90 x 1.10 m (L x W x H)
Max. Fall Height:	up to 0.99 m
Safety Surfacing Area:	5.20 x 4.00 m (according to STN EN 1176-1)
Materials:	Galvanised and powder-coated steel, polypropylene rope, stainless steel fasteners
Weight:	50 kg
